Brass Bells

Enameled Cloisonné Bells

Large Jingle Bells (mid-range tone): blue*, purple*, silver, goldtone*, white*

Small Jingle Bells (soft tone): goldtone*, green*, yellow*, pink*, red*,

Enameled Brass Bells (softest tone): blue/yellow paisley, red/cream paisley, red/blue/yellow paisley

Brass Bells (mellow tone): goldtone round (soft tone), small temple bell, temple bell, round temple bell, round chromed temple bell

Enameled Cloisonné Bells* (loud tone): purple, dark blue, light blue, aqua, green, orange, yellow, light pink, dark pink, red

SteedBeads typically have 6-8 bells (3 or 4 on each side, depending on the design and type of bell), all of the same type and color. If you would like more bells, mixed colors/types, or clusters of doubled tinkle bells (in same or different colors), please specify this. Note that Safe Journey pendants include a small brass temple bell hanging from the bottom of the pendant. Cloisonné bells are gorgeous, but more fragile, relative to other bells; please guard against squashing these bells.
